New or Used	Used	Ballast			
Hull Type	MonoHull	Engine	Brand new Beta 30		
Hull Material	Fiberglass	Price	\$ 28,000		

Comments

Double Ended William Atkin Erin. Vessel is rigged as Marconi staysail schooner and is easily sailed by 2. Both staysail and fore-staysail are self-tending with sheets double ended and led to the helm. Jib sheets are led to self-tailing winches. Main sheet led to midship on multi-purchase block and tackle with no winch. <P> construction is red cedar strip plank with cold mold overlay. very stiff with dry bilges. Structurally very sound and always hauled regularly. <P> The schooner 'Second wind' is a wood boat built with integrity and maintained regularly. Ideal for the traditionalist looking for a vessel able to cruise or live-aboard.

As a skipper working on the bay, i've no time to sail the boat.
